

Talk Turkey Bingo

Materials Needed:

- Make a copy of all six Talk Turkey Bingo cards.
- Give each player a pen, pencil, crayon, or marker.
- Up to six players can play at one time.

How to Play:

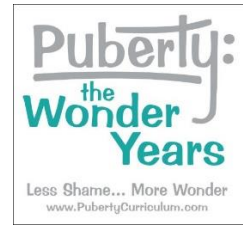

1. Give one Talk Turkey Bingo card to each player.
2. Draw a large X through the Talk Turkey Free Space on each card.
3. Explain the game.
4. The youngest player goes first by selecting one square to discuss.
5. After that square is discussed, all players draw a large X through that square.
6. The person to the left goes next. (clockwise)
7. Repeat the process until a player crosses out five squares in a row up, across, or diagonally... and yells BINGO!

Adaptations:

- Play with teams by pairing an adult with each younger person.
- Cut one copy of the card into its 25 squares. Turn them over on the table. Have each player draw a card for their topic instead of selecting it.
- Toss a coin onto the bingo card to select the topic instead of selecting it.

Talk Turkey Bingo
